Tulip Garden Walking Tour

- self-guided -

With over 65,000 tulips planted in gardens throughout town, Wilson Arkansas is emerging as the tulip must-see destination in Northeast Arkansas. Our self-guided, walking tour will take about one hour to complete. Our tulips are in bloom from late February through mid-April. Want to take some home? Visit The Grange for a wide selection of tulips from our gardens.

Wilson Outdoor Center Garden

Our smallest garden, the garden at the Wilson Outdoor Center, features white Tulip Mount Tacoma. The highly fragrant Mount Tacoma is a prized, fully double heirloom with layers of glistening white petals subtly adorned with green feathering. This variety has won numerous horticultural awards for its form, beauty, and vitality. This delightfully sophisticated spring flower adds an elegant touch to any garden. This variety is known for its long stem and large lantern globes. While visiting this garden, you might opt to rent a bicycle and tour the tulips on two wheels!

Park Street Garden

Next to the Wilson Post Office, the Park Street Garden showcases a variety of Tulip Mount Tacoma in white and cream. This stunning display surrounds the park walkway, and the beautiful concrete benches make the ideal photo stop. Be sure to tag us if you post on social media, @visitwilson.

This sturdy variety is an excellent choice for floral arrangements as their large blooms are shapely attractive and offer a very good vase life.

Wilson Cafe & Tavern

The Wilson Cafe and Tavern provides a home for several smaller tulip gardens as well as our favorite - the garden that encompasses the sign. First introduced in 1924, this white variety creates a beautiful and lush cluster when planted closely together - generally about 5" apart. Interestingly, Tulip 'Mount Tacoma' buds are pink and green, but the long-lasting flowers open creamy white. A great complement to the pink of 'Angelique' or almost anything else in your garden. Stop by for a quick bite to eat and admire the gardens from our dining room.

The Grange at Wilson Gardens

Our most extensive floral garden at The Grange at Wilson Gardens features an explosion of color and tulip varieties. Each flower bed, consisting of seven separate tulip mixes, is carefully curated that complement one another in color and fragrance. MIX ONE: enjoy the bright orange color of the Foxy Foxtrot and Ophelia flowers, complemented by the light pink Foxtrot and creamy white Mount Tacoma.

MIX TWO: our brightest mix features purple (Amazing Purple), orange (Orange Pride), and pink (Rosalie) tulips.

MIX THREE: coral pink shaded and deeper pink and apricot, Tulip Mystic van Eijk has stunning large cupped shaped flowers held on strong stems that withstand wind and rain, accompanied by the pink Rosalie.

MIX FOUR: dark pink petals crown the extra tall stems of the Wilja Tulip. This variety is featured with the lilac Sweet Flag and Purple Prince tulips.

MIX FIVE: the beautiful Apricot Fox Tulip showcases its glowing shades that change with the weather - brighter in cooler temperatures and softer in warm; accompanied by the lovely pink Big Love and apricot Blushing Impression varieties.

MIX SIX: the stunning bright yellow Big Smile tulip stands out among the lovely Negrita and Alibi purple flowers.

MIX SEVEN: among three bold varieties, the Dordogne Tulip stands out with its orange color and fragrance. Partnered with the brightly colored pink Big Love and yellow Creme Flag, this garden is ideal for taking your favorite photos.
